Subject: Re: In nyc

Why should the laws of physics change for living things. They are just chemistry. And chemistry doesn't affect physics.

don't be so limited. If living things have a faster than light component, it would explain the inability to find it. detect it. etc.

On Sun, Oct 16, 2016 at 4:47 PM, Lawrence Krauss <[REDACTED]> <mailto:krauss@asu.edu> wrote:

I really want to be facetious. I think we take actions that we think are thought out but only after the fact can we detach ourselves sufficiently to think rationally about it.
