[REDACTED] pills were sent yesterday, she should receive them today. I have as=ed her to let me know when she gets them. The ones I have sent her are [REDACTED] (the generic), I dont know if you would like to let her know that t=ey are the exact same thing as the [REDACTED] (which were the ones of mine =he was using before prescribed by Henry). She has 1 months worth (they ac=ually come in packs of [REDACTED] days). I have put reminders in my diary so that =e will be able to send her repeats on time. --00163645904258f421049c543019-- date-last-viewed 0 date-received 1297785309 flags 8590195713 gmail-label-ids 22 2 remote-id 135433
