Things are going OK down (up?) here. John came home for Spring=Break and had knee surgery. Thought he had torn ACL, but turn=d out to be a flap tear of the meniscus. Cut off the flap and shave= the rough off, and he was done. Now has his leg in an ice machine=for a week & rehab starts this week. His girlfriend is coming=down from Alabama to see him (and the beach) tomorrow, so he'll have some=ne to take his mind off it. We'll see how resourcefull he is since=he can't get traction in an upright position.

I'd like to ask for a favor. If Larry and your helicopter are=in town, could John take his girlfriend for a ride over Palm Beach? =nbsp; She comes tomorrow and flies out on Thursday.

Hope all settles down for you & the royal family.

Steve
