Subject: Update as promised (15 days since I began)

My plan is simple.

[REDACTED]

-Quickbooks and filemaker integration (this is the only part that will require close review before you choose a third party solution provider, but some examples are)

[REDACTED]

this will make you number one in all directions at all times from everyone who works for or with you.

I look forward to your return, Day 1 @ 71st went well, and Day 2 begins Thurs by noon EST

thank you so much,

Scott Denett
