Larry,

Attached please find a draft Letter of Intent relat=ng to the sale of the Boeing to Aamal Co=pany Q.S.C.

The buyer has expressed an interest in purchasing J=GE Inc. and keeping the aircraft on the U.S. registry. They have also expressed th=ir preference that the structure of the deal would include the seller deliver=ng the aircraft with all of the modifications that have recently been discuss=d.

What I have attempted to do is to allow for you to receive a selling price of 3.5M and close the transaction upon the completion of the C2C Inspection, pre-purchase inspection, and the correction of discrepancies related thereto. Eric Roth, from International Jet Interiors, will complete the modifications referenced above at a price not to exceed 2.0M.

Essentially, it is two separate transactions, a sale and a subsequent completion. However, given the buyer's concern and preference for purchasing a completed aircraft, I have structured it to provide for one payment into escrow encompassing all the work.

This is intended to be a non-binding Letter of Intent, which would be superseded by a Purchase Agreement. I understand that I sent it to you quite late in the afternoon, however, if it is possible, and if it is generally acceptable to Jeffrey, please advise and I will forward it to the buyer with the caveat that it remains subject to further comment by the seller.

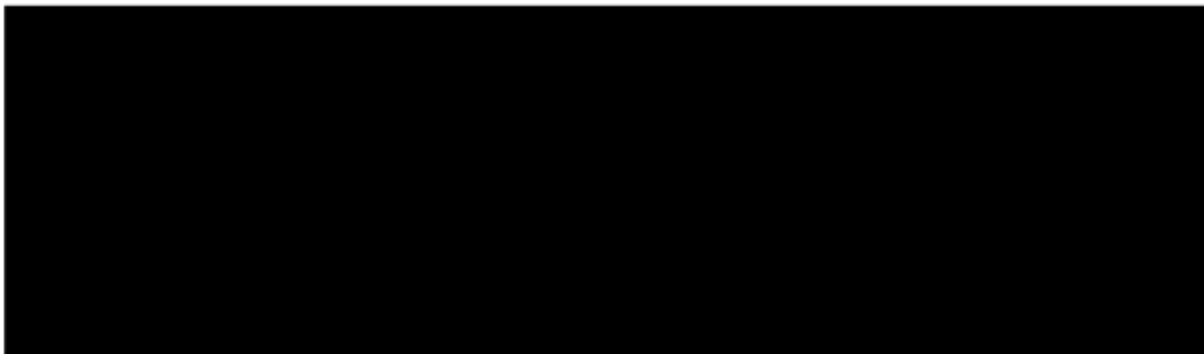

I welcome discussing any questions that you may have.

Best Regards,

Don Bass
