Larry,

Nice to meet with you today.

We received a preliminary estimate from Jet Aviation today (managed the aircraft) of approximately \$500,000 to catch the aircraft up on its overdue maintenance. Additionally, here are some numbers for you that in my experience are about right, but you will of course want some quotes.

Enhanced Nav \$330,000

Gogo Biz wifi with talk and text \$150,000

HD710 Swift Broadband \$350,000

ADSB and TCAS 7.1 approx \$120,000

We have asked for a RRCC revised buy in but the last one we had was a little over \$1,100,000.
