Your statement should be close to what we discussed years ago when the articles were published-positive and heartfelt. It would be inappropriate for me to write it. You can say something nice in your own words and clarify the nature of our relationship. I don't have a strong opinion about specifics. You have your way with words and you know me well enough to use your judgement.
Thank you

I tried to call,, why don;t you tell me what you would like me to say... , also telling me what you want. it will be more helpful than telling me what you don't want

Thanks for asking. The bad press about me has turned out to be a bigger problem than I expected and it is really interfering with my life so I do want it clarified. I don't know about the timing or this person...That's your call. But I do not want you to call me your Ex-girlfriend..
