Hi Mr. Jeffrey Epstein, Hope all has been fine. I have seen you in the New York Post, the last few weeks. I really hate the way they think of you, all I could say that it's not right. I underwent surgery on 1-23-11 I have been off cast for 2 weeks now and continuing with therapy. It really has been coming along, how is everything with you? I hear that you are back in the city. That is cool, I would like to come visit sometime maybe get to see the equipment that Richard takes care of and to catch up. How is the sport watching coming along any favorite teams? Have you had a chance to ski? I never have been skiing and I hear how fun it is. I plan on trying when my hand is 100 percent. Hopefully this is still your current email if so give me some feedback. Who knows maybe I could go skiing with you when my hand gets better if it's cool with you. Well hopefully you are in the best of health and that everything has going well, hope to hear from you soon.
