Allan, Omar, Hector a=d I finalized our meeting for the needed materials required to equip GSJ w=th internet in a few days.

1. FCC 601 application is fille= out and submitted.
2. =C2◆ It is then processed for an open sub-band fre=uecy and filed with FCC

4. They are given =pproximately 30 days to reply.

- a. ◆=A0If the complaint is valid then the process between Micronet and the FCC =s repeated.

I verified this information with Hector and Allan during our meeting. They stated approximately the same steps, they have to do this every time they order any kind of licensed radios.
