i have someone. first , you said for when you were back feb 13 so tha= was what i was working towards. stop being oblique and blaming me for =t.

the last time i apologize for - in part - i spent ab=ut 20 hrs doing SEO with AI and doing stupid grammar changes on your websi=e for nothing.

i put up with your inaccessibility and your fickleness. i will not reh=sh this with you again.

you are waving the pr=mise of money and ease of life in front of me. i'll have these things =o some extent with our without you. but i'll only have you WITH you= and quite frankly if your opinion of me is based on my follow through =n this, then fine. if you don't look at anything else about who i a= or what i do and actually appreciate, value or acknowledge anything else =n the rest of my life, than what are we?

if you want me to drop all that i have done so far on t=is, fine. and you can even retract your (previously unrelated) commitment =o own a beautiful piece of my work if you want to.

but if you=want to have any kind of agreement, then we work together to get you the b=st result and make you happy.

i may be one of the only other trustworthy women you kn=w who would do this for you with any long term quality and not give a shit=about ego, implications, etc.

but i do require tr=st and respect. and for you to realize that you would be more effective=if you were actually not testing me but enabling me to help you.

i love you, je.

i know this concept is=foreign to you, so i don't expect you to return it or get it.

no. i do expect that you get it.

ps.=A0

i making another email for these convos even though it's stupid b/c i c=n't hide any ip info or routing stuff. but anyway. i am making a=other me. i'll be like Amber something.

please don't speak to me like that.

understand this is 100% separate from any sale. i have a business partner who does our finances and we are launching a working start-up.

you'll hear from me from a different email next most likely....but threaten me again (in such an ambiguous way) and i'll stop teaching you about how to have an actual friend.

plus, our punctuation is abysmal.
