Subject: Thursday meeting with technicians

Mr. Epstein,

I am disturbed by the recent event at your residence= It is extremely unfortunate that this has happened and more than th=t it has happened while my two technicians were on site. I can assur= you that these are both honest, hardworking, and honorable men. I look forward to you meeting these two gentlemen=and I am confident that your instincts will follow suit with my descriptio= of them.

Kind regards,

Al
