>

> Sort of related, but not really... I was talking to Lord Martin Rees =nd he said that he thought that we would be moving to space and that in =pace, we would be modifying our genes to create versions of ourselves =hat were more robust in the environments that we find in space. It's no =onger traditional evolution, but assuming that competition continues... = guess there will be exploits where new life forms are created that =udge the environment to be favorable to them over others.
