Subject: LSJ Irrigation

Good A=ternoon,

The purpose of this e=ail is to request approval for an order of needed irrigation material for u=coming LSJ projects.

Originally Sco=t and I had a meeting concerning upcoming projects and weather or not we ha= enough inventory on hand to complete them.

We were planni=g at first, to make an order for Pop's Garden and also an order to replenis= our diminished stock, especially since I knew we had some=big things coming up, even though at that time there were no defined plans.=/span>

Since then a few large projects have come=into focus, namely; The Eastern Beach grass project, The North Eastern

A list was made during our meeting and two inv=ices were generated based on that , however I think the structure of the in=voices was a bit confusing, Since it was not itemized per p=object.

There are two invoices, the first w=s labeled "Pop's Garden" and the second was labeled "Irrigation Inventory" h=wever the total sum of both invoices constitutes the Entire=needed material for the current large LSJ landscaping Projects i.e.;<=span>

- Pop's Garden: Fruit Trees and Vegetable G=rdens
 - Drip emi=ters for the Fruit Trees
 - &nb=p; - Electric Valves and Timers

&nb=p; - Pipe and connection hoses
&nbs=; - Pop up Mist Sprayers

- North Eastern Sod Grass:
&=bsp; -Pipe and connection hoses
&nb=p; - Couplings and fittings
&=bsp; - Sprayer sprinkler heads
&nbs=; - Rotary pop up sprayers
&n=sp; - Valves and Timers

<=pan> - Eastern Beach:
- Pipe and c=nnnection hoses
- Emitters - Rotary pop up Sprayers
&=bsp; - Valves and Timers

=- South Western Pool:
=nbsp;- Pipe and connection Hoses
&=bsp; - Emitters
&=bsp; - Sprayers
&=bsp;- Valves and Timers

I=would like to have these invoices, approved so we can have what we need to c=mplete these projects,
I Have attached the invoices for your review.=br>

<Pops Garden Irrigation Quote.pdf>

=div>

<Full Irrigation .pdf&g=;

T=ank you,

Igala
