Subject: GIV "schedule A list"

Jeffrey,
items to include when you think the time is right to inject in=20 "Purchase Agreement" contract for negotiations. (note the last item),.
Schedule A (wish list)=/DIV>

- New Paint (\$125k)
- AC power cart = \$15,000 value)
- Hydraulic mule cart (\$15,000 value)
- Electric high lift inspection stand (\$8,000 value)
- tow bar (\$1,500 value)
- gas power tug (to move aircraft) (used \$25,000) estimate
- spare set of Main Wheels (value \$65,000)
- spare set of Nose tires (value \$30,000)
- two extra Passenger seats for mid cabin seating (\$40,000=20 value) The aircraft currently has the Four place seating installed,,provide= greater clearance walking down the isle way,.
- spare carpet (0)
- any extra parts, o-rings, and data base loaders,.
- 1981 car (\$75K)

you mentioned anything in the hanger that caught my eye, T=ere is a car that we might want to go after:

-1981 Lamborghini Countach V12 twin turbo, sitting under t=e wing of the GIV, it was the owners car, it has flat tires and accordin= to the Director of Maintenance has an issue with title, the VIN does not match=the Title, I would imagine we could figure it out. It is running condition, Red=20 metal flake with white leather interior, (interior is a 5) and (exterior is an 8),.</=IV> so its not a perfect car. I have research=d the value, if it where 1000 mile cream puff, \$195k value , but this ca= maybe \$75k, or less.

I know we have been shopping for a Maseratti,,,could=be a Great consultation buy,. to be included in sale of GIV,.

thx,
Larry
