Hi all,

I spoke with Bubbler just a few minutes ago, hopefully we should have a barge run scheduled for Saturday morning at 6am.

He will drop 3 trash bins off Saturday morning at 6am to get all the trash off of the island. We will also do a sewage run for the master bedroom and get our supplies that's still on St. Thomas

- Way too much Trash & Flies
- Bad smell came back around the Main Compound. Septic checked again
