Im sorry , if your feelings got hurt. i am trying to be a really good friend. when you today said that telling me that you wanted to be my assistant so you could learn was really not a good pitch. it crystalized what i have been trying to communicate to you.. a pitch is when you are trying to sell something. . If your desire and motivation was to be of the most help you could be. everything else comes easy, if the desire and motivation is to see what you can get, disaster ensues. Africa , is now out of my hands, I am not going to go back and say , sorry she changed her mind,, If they say , it is not possible , that is one thing, when I ask a favor and offer funding , I need to follow through. so before you graciously so call pass on the idea, you need to ask if that causes any problems . as in ,, If its not a problem for you, i better pass on the idea, not this is what ive now decided. sorry but thanks.
