Jeffrey,

The reason your only getting a credit of \$ 9k is the original contract totaling \$ 26,665 was \$ 8,865 for Rex the male dog and the female dog was \$ 17,800.

So when Rex had problems with his legs and we retuned him we got the credit for that reason, there was nothing wrong with the female and Brice mentioned to me that you told him to send her back as well.

Were you informed by anyone that you will be getting a credit for the female as well?

Thank you
