Jeffrey

I found a supplier that has thassos in stock in atlanta
they can supply 2x2 for all verticle surfaces, steam and shower floor and celing, and slabs on
benches and vanities
price fo material \$ 65,000
I should get it shipped and installed for\$ 45,000

I have \$108.000 in the budget

if this looks good to you I'll get Doug to go look at it and formalize costs
