Emad thinks the quote is fair from Alan Stopek to trim the palms if there are 10-12 trees. There are 12 trees and the sea grape that he would be trimming with the bucket truck.

Story,

The price of \$ 1,850 seems fair for this work, he will have to use a bucket truck for the palm trees.

Can you tell me the number of trees on the property? If it's about 10 to 12 trees than its ok.

Also my Florida source mentioned we should make sure the pruning of the palms is not too far back so if it's possible to get a few pictures of what they look like now and pictures after they are pruned that would be great.

Thanks

He has not approved the price. I showed it to him and he told me to send it to you so that you could see it and give your opinion on it.

Got it thanks

Do I assume JE has approved the price?

This is from Alan Stopek. JE wanted you to see this. This is work that was discussed between Alan and JE today.

Story,

Please provide this proposal for the Seagrape hedge row (north of pool) and

the service drive, main drive and pool Royal palm prunings to Mr. Epstein. We will do this work with a bucket truck. I have already scheduled the work for this Wednesday morning. I need a final approval asap. We will need to ensure no cars will be near those particular Royal palms in both driveways during the pruning time. We probably will need to enter both driveways somewhat to reach the more southern trees. Otherwise, we will work off the road, however, cars will still be in the danger zone if not moved out of the specific work area.

Thanks.

Alan
