BTW, I started looking for jobs this week ;-(

The attached email shows the sort of thing that's out there for me here in DC ... (<http://www.globalinfotek.com/>)

Basically: technology management jobs for private contractors doing boring-as-hell narrow-AI stuff for government agencies

These jobs probably pay well by my standards, but, yecch...

It would be a lot more productive for me to spend the next 4-6 months writing my masterwork on "how to create a thinking machine" ;-)

Hello Ben –

I located your resume on Monster and would like to speak with regarding a senior leadership opportunity with Global InfoTek.

We are not an employment agency - We are a 14 year old, woman owed small business based in Reston VA.

If you are still on the market, I would welcome a few minutes of your time.

Have a good day and stay safe.
