I spent many hours on your issue, last night and this morning.. as you know i truly value our friendship.. My best advice, as you know- advice that many leaders follow almost blindly is that you need to fire David Jackson.. sorry. i have never met him, he is the reason for the focus on Barneys. not you.. he is seen as not professional , a braggart, and not sophisticated. I spoke to over fifteen seperate people, they all immediately said he was the cause, and the fact that he is still there represents a non- break with the past and the problems.. You should find someone else. asap..
