I made a point to ask you everyday if you wanted a facial , every day you said NO. How can you complain it didn't happen I after you say you don't want it. Same thing with cooking. I don't understand how you are bringing it up now...is this a game you are playing to see how long it takes to get me to admit myself to a mental institution ?

I wanted to spend the day yesterday making omelets because that's how I learn best. You stopped me saying I will be just wasting time because you believe you have a better idea about how I should learn. So I did what you told me and didn't make more omelets alone so you couldn't start a fight about me 'doing it my way'. Today you ask me why I didn't practice yesterday...I am dialing 911 to tell them there is a person that must be going crazy and 'I am them'

again,, I have been up since 530 jinkys shit food, left over sushi, no fresh anything, I must assume that yesterday you were again too busy to think about how to be helpful. the fact that both of your omelletes were not good , might suggest that you needed to practice,, You said

you were going out to get food to make more omelettes,, did you, or did you give it up.
