you don't know the meaning of either. read my email of this morning , did i bark orders or try to explain to you in the nicest of ways that you are not being helpful, i ate your eggs i didn;t say anything, you stood by, you saw they were not right, did i bark, now having to ask what you should do is stressful, did jean luc [REDACTED] or anyone else express how obvious it was that you needed a day off , after all you have done, or do you think my reaction as well as others who witness your sitting like a banana tree, drooping doing nothing find it absurd.
