I did not start an argument, i said only once what you told me to say. should i wait till the end of the day to say the food was bad. or should i wait till the end of a month.. you write that it is 'stupid' is that supposed to be a helpful comment. ? Is the concept that I should spend 30 days , without comment ? . yesterday, i went to sleep without saying anything , should i wait until we go to sleep to tell you you didn't ask about breakfast, attempt to do anything at all. make me uncomfortable, eat your flying treat, and hear but i was going to////

Please stop complaining about things before a deal, a month or a day is over...it only ruins the rest of it.

I was hoping to give you a facial later, and I had an outfit ready but after you already complained about it in the middle of the day and started an argument it is stupid and uncomfortable to do it now
