Dear Jeffrey,

Now that I am home, I can see where I started and realize how far Ive come. It would have been impossible without your help guidance and patience, for that I will always be grateful. Im not sure we can put the pieces back to our coupleship, but I would like to try. YOu know how stubborn I can be , and would hope to direct that " talent " toward success as opposed to where it has gotten us. With that in mind, I need to understand the hot issues, I know youve said you have told me the same story for years. responsibility accountabbility etc. The baby thing really upset my apple cart . but I realize that I am as much to blame as you. I have tried to learn to cook eggs. I see how difficult it really is to get right. I beleive the following would be a good start. That I spend initally every other weekend in new york for 3- 4 days. it is easier for me not to have your friends in my face. this way you will have private time, I need you to tell me what you would like me to do when I am with you. I can't stand the unceertainly thinking i can be asked to leave at a moment s notice. so you must agree not to do that. IF there are others in the house. I will do my best to be open. I love you and ball-e.
