according to you , you didn't want to tell me why you asked me a question in case " i didn't want you to come and used tthe fact that [REDACTED] was staying so you would not come. " avoids the real issue. If i did not want you to come, I would tell you so. you said i couldn't because you live in the house. I said that somehow , if you believe you can come if i didn't want you to is crazy, however you find that statement " disgusting". I asked you if you wanted to see for yourself that there is no romance with [REDACTED] if so i would ask her to stay - i asked you if you prefer her to leave. I asked you what you want to do , I asked you about who should come to the house , and I asked you to propose a solution. and then you say, nothing but i want to make my own decisions. You can and should make those decisions . Each one will have its own consequences,, some good some not so good . This is beyond silly. We are not getting along. I love you very much , but seem unable to communicate with you .. you feel i am now picking on you. you tell me you dont start fights but in the next breath say yes i started a fight about [REDACTED] and yes a started the fight about [REDACTED]
