why don't you tell me what you think it is that I have been asking for. for some reason , you still just say, i don't know what you want. my mails about partnerships, help, giving as well as receiving, you wanted staff responsibility, but didn't take the time to learn it . I want a peaceful happy life. I am tired of one bad mood after another. kissing someone hello, giving away sox. saying baby on the phone. no one picking up the phone. saying the soup is bad, rolling my eyes, giving someone a hug, not holding others to the same standard, while at the same time repeating that they are only employees. being told I'm sorry Im too busy. , and then when asked , ok tell me what you have been busy with, its , " see you want to start a fight." when I threaten to take away your video game, you call me disgusting.
