Subject: Investment spend - since inception

H <<Investment.xls>> i Jennie,

Please find a reconciliation of the \$2M spent to date (it's actually \$1.8M - spreadsheet attached).

Sorry for the delay but compiling this data involved pulling from 3 companies over 4 years and then culling through the data, unfortunately it not something that was handy.

By way of some context, Earthjet was a franchise business that operated thru 2006 which involved offering equipment for a common fleet. This was at a time when it was tough to find a charter. The company evolved into BusinessJetSeats with Al Rapetti; and when when he fell ill, the Company negotiated with the shareholders to restructure, made the deal with Hays, and renamed the business Greenjets.

The assets/software/IP of Earthjet and BJSI are under the control of Greenjets.

I hope this provides some clarity to the situation.

Regards, Charles.
