Jeffrey, The flooring company that did the floors at 358,(Absolute Hardwood Flooring) can probably do anything you want, they are first rate and accomodate some of Palm Beach most demanding homeowners. The sample images sent to you were just samples they had in the showroom. They are willing to visit the island for the installation. I don't think there is much work in florida, they do nice work. How rough should the finish of the parquet be? I will be on LSJ next week and expect to see JPM on 17 or 18 or 19.

These are copies of 17 century northern italian parquet floors .In a large surface they are brilliant. They are antiqued and more rustic, the photo shows them new. J.P.
