Hello Lesley! Woody said that sounds like a wonderful plan and thanks very much. He said anything but meat is great (chicken, fish, pasta, "no fancy pureed stuff" (haha)) - and is it 7:30? Thanks! All the best, Melissa

He is wondering if Woody and Soon Yi would like to have dinner at his house...very casual, just Jeffrey and maybe one other (he said "they can wear sweats if they want!"). He could have their favorite food prepared (just let us know what it is) Let me know what they prefer to do. Thanks so much, Lesley
