After days of back and forth with Marc Sacco he reluctantly agreed to allow you to use 75% of the credit towards all future orders. The 75% will be applied to custom and non custom orders. Marc feels that 75% is the middle of his original offer and your desire of 100% use of credit.

Credit Balance as of 1/5/2011: \$120,832

Total amount to be spent at Sacco to use total credit: \$151,040

JEE additional out of pocket cost to use credit: \$30,208

Please advise
