Larry, I just explained to Nick that to say i am disappointed with the work so far in the gym would be an understatement.. First they located the equipment in the storage area near the bathroom- to insert a dvd a guest is expected to climb over the junk, after finding a dvd,soemwhere in the gym, .. insert it,, then find the ipad.. turn it on, and scroll thorough the menus, all the time looking at the tv to navigate ,, with no glasses i couldn't see it. no way to adjust anything except volume, and that not very nuanced . m, as opposed to the 150 dollar belkin ipod dock,. the subwoofer speaker is blown,, the monster amp doesn't work,, I will send you a photo of the rack of equipment. that nick thought was ok for this job/ and the installation. I am very very annoyed.
