Subject: gggeb: how we match you with women

Whoa, hey, gggeb!

OkCupid is a massive game of Q&A with you and millions of singles, powered by a matching system that learns as you play. But *your* profile is broken, because you haven't answered 25 user-posted questions. Answer some and see which women top your list. It's what we're famous for.

Your next question (click to sign in automatically and answer):

Which makes for a better relationship?

A. Passion

B. Dedication

Gotten to 25? Good. Now, just do a quick match search. We're betting there's somebody on that list you'll be quite taken with.

Happy Browsing!
