That was a bit brief so I have a few questions or I could come back into nyc tomorrow to discuss further as this is important to me.

1. USVI visit...I'm probably not going to come down around the 22nd unless I can mix some business in. I don't want to run around meeting school folks etc if this whole situation is unlikely. Thoughts?
 2. You mentioned a meeting down there on 20th, status?
 3. Howcast - tlk to Darren and read proposal asap as we are trying to close it up.
 4. Leon - EMI or WMG...I could be VERY valuable to them as an advisor in that process. KKR has already had me in and would like to formalize...I have not signed or agreed to anything with them.
 5. Google deal - I'm going to show the deal to friends only after I have my deal signed...if you want a look I'm happy to share.
 6. I think we could put significant money to work VERY quicklyif we are stage agnostic and willing to play in secondary markets too. One fund put 80mm to work on secondary Twitter stock just this week.
 7. I like the company structure vs. a fund structure...very good for flexibility.
 8. No lp's or need to raise money means we could be up and running VERY fast.
 9. Enjoy the day.
