Possible that I met her in a group with others and possible there is a photograph.

Interestingly the article last week in our paper The News of The World was written by the FAKE SHEIKH that did S in April last year.

J had his fingers in that little conspiracy. But I think it isn't directly from him but through a female friend of his, I can't remember her name, who knows S and has admitted she set S up.

Also we received NO notification from the NoW about checking the story before publication and also have received NO follow up calls from any media outlet globally on this story.

The MoS are the one paper here everyone least likes and is just gratuitously trying it on. And I suspect after speaking to you ably abetted by miss Roberts who they will have contacted as her identity will have been known from court records. I assume.

Not bothered any further about it but will keep watch.
