Don't be sorry, it's my fault.
I will ask around to see what's for rent. The room was
misinformation (not free yet) but maybe rentable in a couple months.

As we are on the topic of apartment guests, my cousin + GF (the
shrink /big brother) is coming to town for the weekend to visit me.Fri-
Sun. Should I start looking for hotels for him or is he okay to stay?

I do love being around people and do best not living alone... Call it
odd or what you will but I think that's a big part of why I liked
traveling with you and your chosen company so much. It's great
being close to those you enjoy spending time with. You don't always
get to see the people you love the most, and when they come around,
maybe it's selfish, but I want them with me. (Maybe it's also because I
will talk an ear off before bed... You know.) I suppose these days
I've been feeling alone but that is no excuse. Maybe in finding an
apartment it will all be for the better. Let's be honest, I'm a piss-poor
assistant. Lord knows I tried, but I'm just not that good. (We won't
mention cooking here...) I am much better at being a friend and will
ALWAYS do anything for you! In my eyes you are family - I don't
think I've laughed harder with anyone than with you. [REDACTED] and [REDACTED]
are the best - I love being around you guys and still want to be there
to help when you are in need, or just want to hear the nastiest thing I
did that day (Today I popped a zit on my asshole... Not kidding you!
Not around it, on it! Found the damn thing in the shower and it was
huge! Naturally I thought I had something but it popped! Surprised
the heck out of me.) It might be a longer commute time from
Harlem, etc., but I'll be there! Always.

I am very sorry I treated the apartment selfishly like my own home. Today I am to be viewing a room I could rent sometime soon. (Unsure of the move in date.) I will keep you all updated.

It now appears that █████ has had a friend, that only she knows, named █████ that has been living with her in my apartment. █████ stayed in the apt when █████ went to Mexico. I told █████ that █████ MUST leave immediately. She said that she thought the apt was part hers, and though she asked if █████, █████, or █████ friend █████ could stay, she decided not to ask about █████ a German girl she works with at the restaurant.
