I think we can add concrete to the pavillion base. to sqaure it off, we should finish five palms and heil road so that we can concrete triangel, we should build a wood skirt over the new dock beam. asap. it looks terrible. the berm needs to be shaped and finished, jules should be working on that as his prioity and we should move toward an april 15 dismissal of all non concrete road. personel. we should also put together the base to the bookcase .
