Hi Jeffrey,

I see that the mug shot has popped back up to 4th position on google images so will ask Integrity again to deal with it.

But otherwise, your 1st google page is better. The list is:

1. wikipedia
2. www.jeffreyepsteinscience.com
3. Ny Magazine: International Man of Mystery
4. Dr. Jeffrey Epstein
5. www.jeffreyepstein.org
6. Then all the bad press.

I've just uploaded 24 more photos onto Gather.com-- a prominent public site-- so hopefully this will help.
