Hi Leslie,

- I noticed that Jeffrey's mug shot is back in view (in 4th position on google images). Can you get rid of this?
- I'm adding 4 pages to both the .org site and the epsteinscience site tomorrow so you can upload all of the content articles that I sent you.
- Could you get his www.thejeffreyepsteinfoundation.com blog site onto the 1st page?
- I've uploaded 24 images onto Gather.com which seems to do well in google images. I'm tagging them all tomorrow.
- will send you more content shortly.

Thank you for getting back to me,

my best,
