Hello Jeffrey.

I am again really sorry for what happened.

I spoke to my uncle yesterday and explained everything that happened in details. He was really unhappy and annoyed (i rarely so him like that).

He said that if he had known that you wanted to introduce the minister to an investor he would have told me to tell him first. Because for these kind of contacts, it has to be with the presidency: him, Marcel Amon Tano (that you've met, the director of staff he gave you his business card) or Ahmadou Gon Coulibaly that wasn't there last time(secretary of the presidency)

He said that the best way would be for you also to come with those people when you're ready and spend more time. That would be the best solution.

I will let him know too about next time he is in europe if you can meet.

He also said that the Ministers execute but all the orders come from him and the 2 other people that I cited earlier.

I told him that you were thinking of going to abidjan maybe in april.

I apologize for what happened.
