Jeffrey,.

Eric Roth and Don Bass have there own relationship, my guy tells me Eric is going to mark up this avionic install, since its two separate transactions,

Roth is pricing the items Qatar has requested,, I also have Brian Wilson from Banyan Avionics in Fort Lauderdale doing the same quote of interior/avionic items,.Brian installed the FMS and SAT phone in the Boeing, he knows our plane the best as far as avionics goes.

Banyan has given rough pricing on the following and will have firm quote on Friday:

-**Internet system**, world wide- Tron and Tron 300 SAT/Internet 332k speed, \$150,000 (best option for price since the KU band systems cost \$700k.

-**Airshow** with Four monitors \$165,000 installed

-**AFIS data** uplink to FMS's, TBD,. \$100k guess

-**interior red room fabric** change and seats and fwd table reinstalled in Boeing: \$55,410.00

Banyan is fairly confident they could complete project for 500k however my gut tells me Eric's price will be \$750k
just my opinion

thx
