Jeff,

We are closing - docs are being drafted now. We would welcome a small investment but do not need it to finish. If you want some we can reduce others. I do need to know ASAP.

Let me know if you want more info. I am also happy send you product if you have an address but I am guessing the paperwork will be done before we get it to you.

Lastly I really enjoyed our conversation and look forward to talking more about science in general.

Hi Linda,

Thanks for your interest and questions -- it's great to have active investors!

As you requested attached are the following:

1. Series B Overview -- Financials
2. Full Year 2013 Financial Statements
3. May 2014 Financial Statements

Also, we've had a few questions from potential investors on spending and patents that I thought you might be interested in so those are attached as well.

Please let me know if you have any questions, comments, etc.

Thanks,

Joe
