I painted the logo background yellow for the hell of it. Originally it was white, then I made it pink in the 80's.

The bike is the same size though. I put a new front fender on it this year. I found one on ebay from a Triumph Daytona of the same era, amazing! (same bike, different pipes).

The chiro is Josh Wagner at [REDACTED]. Not a twist and crack guy, more of minor adjustments and he takes eeg readings of nerve stuff. Who the fuck knows? My lower back is tensed up a lot. I'll give it a shot. I have plenty of regular bone crackers downtown.

I was on your street this morning. I've been going to a chiro there. I had the Triumph parked near your place. I don't know if you were there to see it.

Just had the front fork/shock seals redone with new rubber boots. Rides like new.
