Jeffrey...

Yes... But if you read, (between the lines) our guys and the ones whom I am working with are still in charge. Look at the names. All that is happening is that our guys are consolidating their power... Again, now is the time to become the "go-to" guys for the TNC leadership especially since we and everyone else (including Qaddafi) knows that our side (the TNC) will win. On top of this, it is a great adventure that will give us a bunch of new stories to share with friends, in addition to making a shit load of money. We are on the right side of history, so I urge you to help me/US seize the moment.

Call me and let's get this moving to the next level...

Sincerely,
Greg Brown
