not yet, need following

to layout slab I need new engineering of the foundation footings and steel supporting the high walls

confirmation on the door openings ,size and locations

confirmation on size 16x32

Have we done anything to site?

Sorry for all the typos .Sent from my iPhone

latest plan attached ,the changes inside prompt revisiting the concept

ceiling apply canvas

install big bookcase

any doors on east or west walls?

what is the roof
copy flagpole building?

plaster exterior?

image for doors?transom?

I'm showing all walls to be 12"block,if we thicken the door wall it robs floor area or maks
building bigger(comment?)

I am forwarding this plan to the engineer to do preliminary structural ,won't go far til floor size is
agreed to.
we are assembling the cabinet in the warehouse
