I think 12.2 is not obtainable but I will try. As for the other ship I think it would be priced low enough to get a buyer. I will get you the spec but need a day as I am traveling

From George,

Please pass this to je. I do not have his email with me

Here is a deal I think I can make happen,they , aetna, will pay 12m for 750

We must buy their c plus. I think we offer them 1.5m. But may need to settle on 1.6m

If je will hold the note on their c plus for me I will sell it and give him the amount of the note, for sake of this conversation 1.5m.

He pays me my 100k comm on the sale of 750 and gets the value of the trade he gave on the c plus when I sell it, I keep the difference

In the end he gets, if they agree 11.9m after my comm. But will need to wait for the final approx 1.5m until I sell the c plus

They want a proposal so I need an. Indication

Yes some wait for the final amount but I think he gets a good number for 750 far more than the 11.6. That was once considered

These numbers are preliminary as I try to bring this together

Thoughts please
