The man who measured stairs for zuber leather has been very slow and difficult to get hold of. Always voicemail and not returning my calls. He tpld me he would get info to me by beginning of this week but I can't even get hold of him. I phoned zuber and asked the manager if they can recommend anyone else but she says these people are a absolutely the best probably just swamped. She is going to speak to them today so they can get a move on!
