I tried to call @ 11:20

on the 27th I emailed the explanation on the stone layers when you saw Daphne's picture

I pulled omar off the pebble beach to do the entry basket,higher priority in my mind,then he will do the nursery deck then go back and finish the pebble job,and he's gone for the next two weeks.
so he could'nt get to the terrace for about a month.
I do have him scheduled for cottage 4 which you told me you wanted him to do.

the rest of our stone masons and him have all they can handle on the walls for the two pools and others by sept.

given all the wall work I got the block crew to do the wall and they'll be done in three weeks and at \$28 they are close to what our costs are all in

and if it's ok I would use them for the sea wall as well and get it done to

I'm trying to get everything you want done as soon as possible keeping costs in mind

you directed me to get more help and get it done

I do not understand why you hired people to do the wall after I said Omar should do it
