Jeffrey,.
tough call on weather,.

NY has a low pressure system moving through NY area now, Rain and wind,. May clear by Saturday evening,. cloudy skies for Sunday, 30% rain only,. and Party cloudy for Monday,.

Saturday 77 degrees rain

Sunday cloudy 63 degrees

Monday 72 degrees sun/clouds, nicer weather,.

St Thomas,.

85 degrees most of weekend for LSJ

little improvement in forecast,. by Sunday,.

Saturday, 50% rain, and clouds, (guessing not as bad as today,.) since today was a 70% day for rain,.

Sunday 30% rain, improvement, later in the day,.,

satellite photo still shows large area of rain in Caribbean, better idea in the morning to determine if NY improves or STT gets better,.

thanks,
Larry
