Peggy called to make sure you saw she got you in to the Vogue after party Andre Belasz is throwing Monday night at the Boom Boom Room. You are on the list for you plus one, but she says if you want to bring more pp to let her know and she will request more. She says she spoke to Andre and he knows you are coming.

I also rsvp'd for the buffet dinner at Vera Wang's home on Sunday night at 8:30 (but said you will not be eating...it's a buffet anyway)
